General Session: Designed for either the new or experienced investigator to expand or refresh their current knowledge.

Basic Course: Complete Course built for the new fire investigator or those current investigators new to the field of fire investigation. The course runs opposite the General Session and will introduce the Basic Principles of Fire Investigation.

Juvenile Fire setter Course: This is the second year for this course at the Spring Seminar. This track is extremely beneficial to those that have not had a lot of experience dealing with Juveniles to gain insight into this age group and their fire setting behaviors. This course is based on the National Fire Academy Curriculum.

See the Wisconsin Chapter 25 IAAI web site for more information on the Wisconsin Arson Insurance Councils (WAIC) Scholarship for the Spring Seminar click <http://www.wiaai.com/seminars.html>
